

Dominik Sieroń

Software Developer

Summary

- I am a student of Computer Science in Engineering at the AGH University of Science and Technology in Krakow and I am taking my first steps in the IT industry. As a young person who is passionate about their work, I am certain that I will bring a lot of new energy to your team. I am very meticulous and able to work both independently and as part of a team

- present

- Computer Science in Engineering, Engineering studies - in progress (1st year)**

AGH University of Science and Technology, Kraków

2019-09
- 2022-05

- Profile, MPI**

VI Liceum Ogólnokształcące im. Jana Kochanowskiego, Radom

Projects

2022-07
- present

- Frontend Developer**

mytriproutes

<https://mytriproutes.com>

As part of a small team of three, I was responsible for frontend development and design in the mytriproutes project. I utilized various tools and technologies, including React, Typescript, and SCSS, and later migrated the project to Tailwindcss.

Our team had specific business and technical goals in mind throughout the project, with a focus on providing users with an intuitive interface and ensuring high website performance.

We successfully created an intuitive user interface, and the website functions quickly and smoothly. Overall, MyTripRoutes benefits users by making it easier for them to plan and share their trips, and store their photos and routes in a user-friendly way. A preview of the project is available at the link above.

Certificates

- JavaScript Algorithms and Data Structures**

FreeCodeCamp

Hobby/Interest

I am passionate about playing piano and trumpet, skills that require patience and creativity. I also enjoy traveling and exploring different cultures, which has helped me develop a well-rounded perspective. Additionally, I have a keen interest in cars. These hobbies have enhanced my communication and teamwork skills and have been an integral part of my personal and professional growth.
